Michael Gotowala has taken PPL from a single entity in 1984 to an award-winning landscape/design build firm with more than 25 employees—from horticulturalists and masons to designers and plantsmen. The five-acre nursery is designed with the plant enthusiast in mind. We have assembled specimen plant materials and nursery stock from the finest growers in the country. We are proud of the reputation we have created. We take pride in the personnel we work with and strive to exceed our customers' expectations.
